acuity LED Headlight Clinical Benefits

Freedom of Movement

Unmatched “cordless” freedom of movement.
No tethering to light source.

Brightness

Brighter! 65,000 lux.
(Industry Average is 36,000-48,000 lux).

Color Temperature

Bright white @ 5300K.

Heat Management

Cool, safe LED beam temperature, comfortable to wear
and won't dry out patient tissue.

Headlight Weight

Lightweight (less than 1 lb.) with anterior and proximal
knob adjustments for optimal comfort.

Reliability

No bulbs or cables to break. LED lasts 10,000 hours
(over 10 years of routine use).

Battery Pack

6 hours per charge. Battery pack provides power boost
button for quick 30% intensity boost when needed.

Portability

The entire cordless headlight system fits within a hard
sided case for easy transport or storage.

Maintenance Costs

No maintenance required.

Affordability

Low cost, high performance lighting ideally suited
for Surgery, Recovery, ICU, ER, Labor and Delivery,
Bedside and Office applications for Procedures
and Exams.
